## Introduction

Regulation concerning health and safety at work may differ from country to country in detail, but some relevant provisions are embodied in all of them. It is the duty of every employee while at work to take reasonable care for the health and safety of himself and of other persons, who may be effected by his acts or omission at work.

## Safety at work

- 1) Training
- 2) Proper clothing
- 3) Footwear
- 4) Googles
- 5) Hazard warning signs

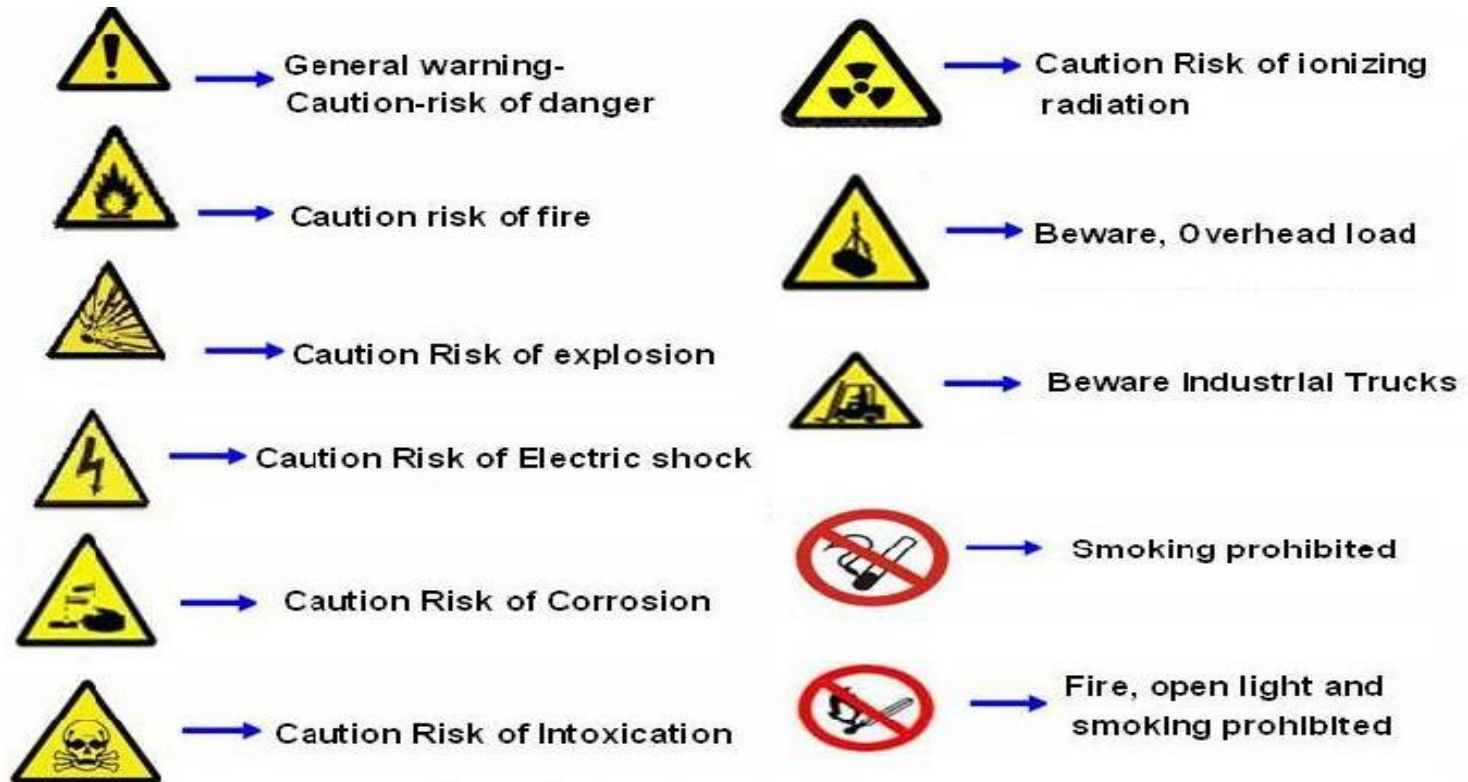

## Safety colors

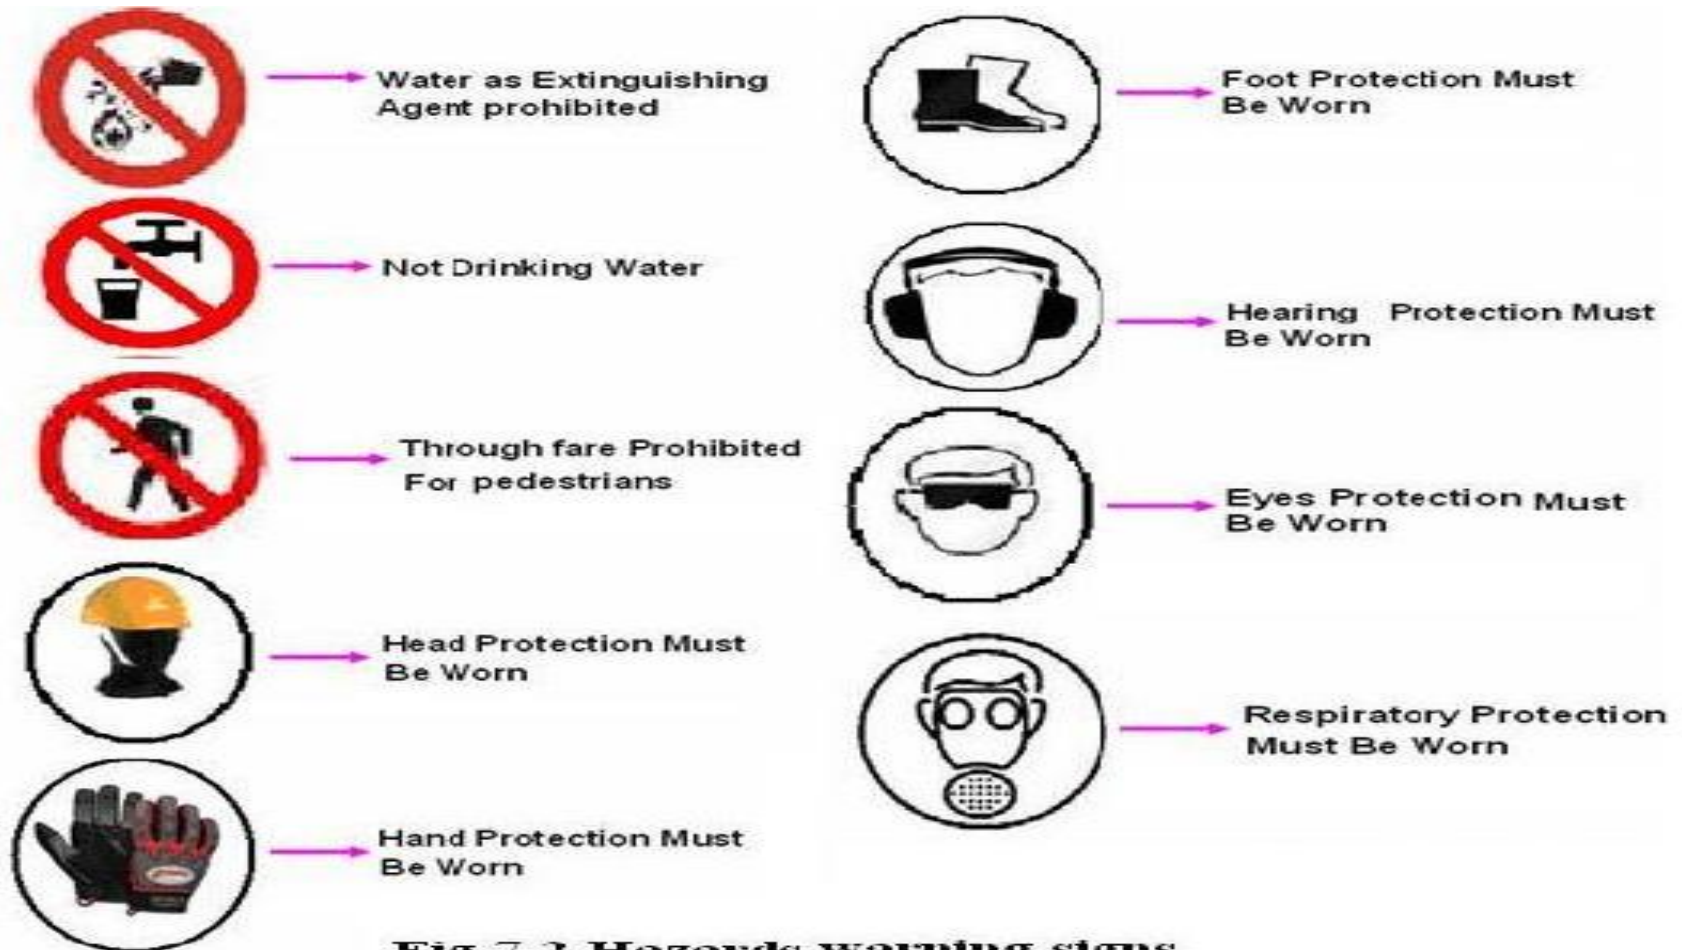

Red	Stop or prohibition	Stop signs identification and colors of emergency shutdown devices prohibition signs	White	Black
Yellow	Caution, risk of danger	Indication of hazards (fire, explosion, radiation, chemical, etc.) Warning signs identification of thresholds, dangerous passages, obstacles	Black	Black
Blue	Mandatory action	Obligation to wear personal Safety equipment Mandatory signs	White	White
