Important instructions:

- Students are required to prepare a detailed assignment in word file not less than 20 pages according to their groups and respective topic.
- One report must be submitted per group and the presentation must be prepared from that report itself.
- The assignment must be properly submitted
- Font: Time New Roman; Font size: headings = 16, sub headings = 14 and running text = 12; Page size: A4; Alignment: Justify; 5. Line spacing: 1.5
- The plagiarism should be avoided (copying and pasting of information from internet sources must be avoided)
- Students are requested to collect the information from as many sources (books, research paper, websites) as possible and write the assignments in their own words
- While writing assignments you must mention all the sources from where you have collected
- The presentation must be prepared such that everyone in the group will get equal time to present.
- At the end of presentation, there will be questioning round.
- The date of examination will be informed shortly.
- Please feel free to contact me if you have any queries
